**CARL DEMAIO**  
CITY COUNCILMEMBER –DISTRICT 5

## MEMORANDUM

DATE: April 21, 2011  
TO: Tony Heinrichs, Director of Public Works  
FROM: Councilmember Carl DeMaio *Carl DeMaio*  
RE: Public Utilities Department Vehicle Information Request

---

The City must take all necessary measures to economize in its use of resources while providing the level of services that San Diegans expect and need. When unneeded costs can be identified, those costs must be eliminated.

In the interest of examining the Public Utilities Department's (PUD's) use of vehicles, please provide my office with the following information.

- The number of vehicles that are assigned to the PUD
- The mileage on each of the vehicles assigned to the PUD
- Whether each vehicle is leased or owned outright

Should your office have any questions, please do not hesitate to contact Frank Prewoznik on my staff.

Thank you for your prompt attention to this request.
